

New Titles April 2021

***Elements of Indigenous Style: A guide for writing by and about Indigenous Peoples* / Younging**

This book provides guidelines to help writers produce material that reflects Indigenous people in an appropriate and respectful manner. The guide contains common errors and how to avoid them when writing, guidance on working in a culturally sensitive way and discussion of problematic and preferred terminology.

PN 147 Y68 2018

***Oxford textbook of palliative nursing* / Ferrell**

This text remains the most comprehensive treatise on the art and science of palliative care nursing available. Developed with the intention of emphasizing the need to extend palliative care beyond the specialty to be integrated in all settings and by all clinicians caring for the seriously ill, this new 5th edition will continue to serve as the cornerstone of palliative care education.

WY 152.3 T49 2019

***Catholic Health Care Ethics: A manual for practitioners* / National Catholic Bioethics Center**

Completely updated and revised for 2020, the 3rd edition of Catholic Health Care Ethics sets the standard for Catholic bioethicists, physicians, nurses, and other health care workers. The book covers foundational principles, health care ethics services, beginning-of-life issues, end-of-life issues, selected clinical issues, and institutional issues.

W 50 C38 2020

***Harrison's Manual of Medicine* / Jameson, Fauci et al.**

From the most trusted brand in medical content, this full color, portable guide covers all diseases and conditions commonly seen in general medical practice. Designed for quick access and employing an effective blend of concise text, bulleted key points, decision trees, and summary tables, the Manual makes it easy to find what you need at the point of care.

WB 39 H23 2020

***The Canadian Journal of Infection Control (CJIC)* / IPAC Canada**

CJIC is a leading international, peer review journal providing a platform for knowledge transfer and academic discourse in the field of infection prevention and control, and hospital epidemiology. The journal offers original research that examines, informs and advances this professional field. SJCG has full access to CJIC through EBSCO. Sign up to receive the table of contents [here](#).

New Serial

***Clinical Handbook of Psychotropic Drugs* / Hogrefe**

This handbook has become a standard reference and working tool for physicians, psychiatrists, psychologists, pharmacists, nurses, and mental health professionals. Content is derived from various forms of published literature as well as from leading clinical experts, to provide evidence-based clinically relevant information that is easily accessed and utilized to aid with patient care decisions.
